OHIO TO REAP BENEFITS FROM NEW SHIP CANAL

To Atlantic Route
Cheaper Freight
Rates

Mar. 10.—Owing to its
manufacturing and agri-
cultural products, Ohio will be one of
the beneficiaries of the open-
ing of the Great
St. Lawrence canal. In the
department ex-
amining this
plan, which

beneficiaries of the open-
ing of the Great
St. Lawrence canal. In the
department ex-
amining this
plan, which

will be one of the
beneficiaries of the open-
ing of the Great
St. Lawrence canal. In the
department ex-
amining this
plan, which

has long been advocated by Secretary
of Commerce Hoover and prominent
Canadian engineers and officials would
give Ohio excellent reasons in Cleve-
land, Sandusky, and possibly other
smaller districts.

Officials said that the industries of
the state likewise would make avail-
able to some extent cheaper power as
the result of the proposed hydro-elec-
trical developments.

Secretary Hoover said, in advocating
the St. Lawrence route for the ship-
canal, that in addition to its contri-
bution to an insalubrious waterway, it
would attract to the Erie basin a great
number of new industries seeking
cheaper power. While the eastern dis-
trict possibly would profit to a greater
extent than Ohio, officials believed that
the Buckeye state would come in for
an important share of benefit.

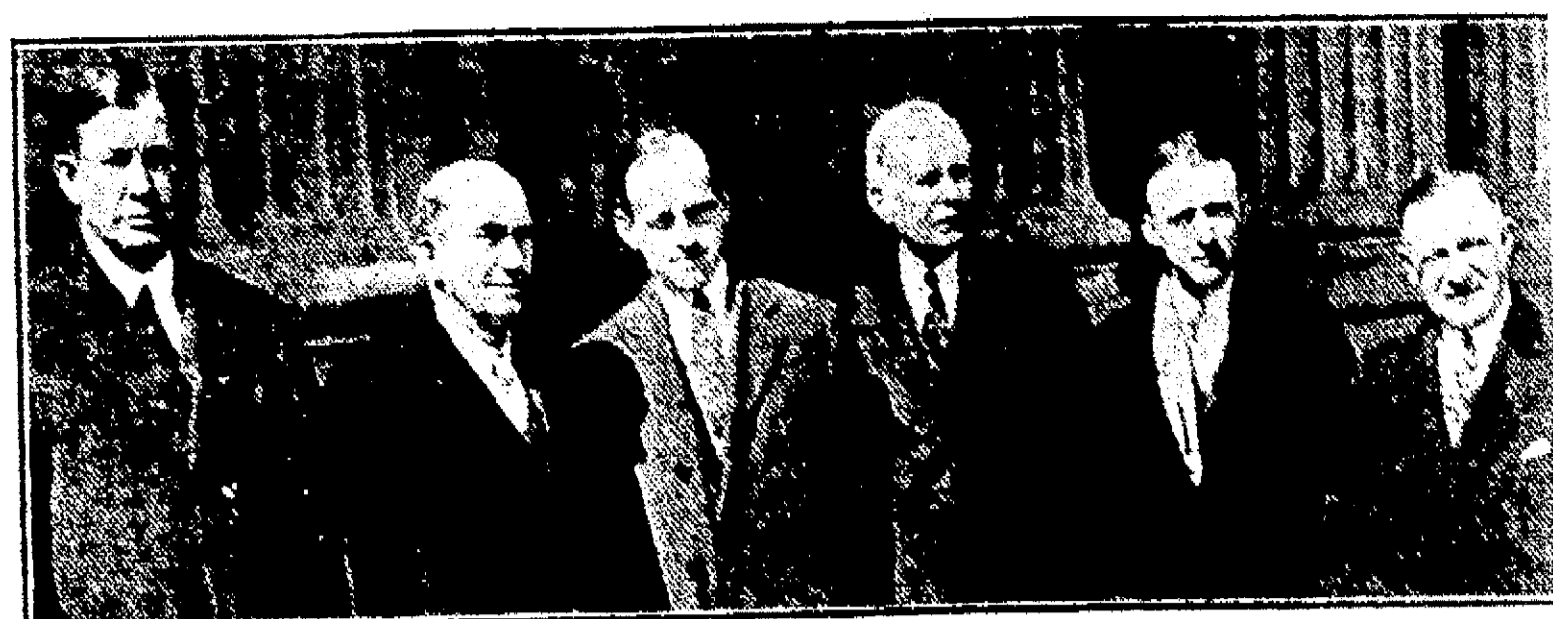

Cheaper Rates

From the commercial and industrial
standpoint a ship-canal which would
connect the vast production areas of
Ohio with Europe and South America
by water would mean cheaper freight
rates and ability to more successfully
compete with other exporting states.

Ohio already is one of the leaders
in the American export business. For
the third quarter of 1926 Ohio ranked
ninth in United States as an exporter.
For this period exports from Ohio
were valued at \$44,932,658, a gain of
\$5,284,038 over the same period in
1925.

Iron and steel plates, sheets and
strips made up \$5,199,650 of the total
exports, having been the most impor-
tant single item. Rubber tires pro-
duced in Ohio and exported to foreign

PAYS PENALTY FOR FRIGHT

Wartburg, Tenn.—For frightening
two youths into the act that caused
their deaths, Will Lister of Wartburg
was convicted of involuntary man-
slaughter and faces three years impris-
onment. Evidence showed he fired sev-
eral shots at Walter Johnson, 16, and
Alfred Johnson, 18, and that, fright-
ened, they leaped into the Emory river
and were drowned.

He was X-rayed to locate the car.

ERIE CHIEF AT AKRON ATTENDS MEETING HERE

Among Those Present at Kent
Division Monthly
Safety Conference

W. L. Brown, chief of police of the
Erie Railroad at Akron, was among
those in attendance at the regular
monthly safety meeting of the Kent
Division. The meeting was held in the
office of Supt. Harry R. Adams, Erie building,
yesterday afternoon.

A number of other officials of the
Erie, together with all those who deal
particularly with the promotion of
safety, were present. Problems relating
to safety on the railroad were discussed.
The meeting is held every month
here in an effort to stress measures by
which the safety first method is en-
forced.

Work Progressing

Working Valley workers are making
rapid progress in the fixing of new rail
on the main track a few miles north of
Chillicothe. They have been favored with
fair weather conditions and hope to
complete the work in the near future.

Goes Through Marion

R. S. Parsons, chief engineer of the
Erie Railroad, passed through Marion
yesterday on Erie Train No. 8, enroute
to Jersey City. Mr. Parsons has been
in attendance at the railway engineers
meeting at Chicago.

Never Late

Twenty-six years in the Pottsville ser-
vice and never late to work during that
time is the record set by W. F. Meyer,
toolmaker at the Ft. Wayne shops, who
celebrated his twenty-sixth year with
the Pennsylvania Railroad on Feb. 10.

Oldest Railroadman

David McNeill, 91, said to be the
oldest railroad employee in point of age
in the United States, remains on the
job watching a crossing in Toledo. There
has been no accident at the crossing in
the 30 years he has been there.

Rail Briefs

Leo Stoner, clerk in the office of the
local Hocking Valley freight house, is
off duty because of sickness.

H. C. Paddock, demurrage clerk of
the Hocking Valley here, is unable to
be on duty because of illness.

All passenger trains operating
through Marion on the four railroads
have been marked "on time" every day
this week, it was reported today.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to
serious trouble. You can stop them
now with Creomulsion, an emulsified
cresote that is pleasant to take. Creomulsion
is a new medical discovery with
two-fold action; it soothes and heals the
inflamed membranes and inhibits germ
growth.

Of all known drugs, cresote is re-
cognized by high medical authorities as
one of the greatest healing agencies for
persistent coughs and colds and other
forms of throat troubles. Creomulsion
contains, in addition to cresote, other
healing elements which soothe and heal
the infected membranes and stop the
irritation and inflammation, while the
cresote goes on to the stomach, is ab-
sorbed into the blood, attacks the seat
of the trouble and checks the growth
of the germs.

Creomulsion is guaranteed satisfac-
tory in the treatment of persistent
coughs and colds, bronchial asthma,
bronchitis and other forms of respira-
tory diseases, and is excellent for build-
ing up the system after colds or flu.
Money refunded if any cough or cold is
not relieved after taking according to
directions. Ask your druggist—Adv.

CHRYSLER

LEADS THE WORLD IN MOTOR
CAR VALUE

Announcing The Formal Opening

of

Our New Chrysler Home
On Friday Night, March 11th,
and Saturday Afternoon
and Evening, March 12th

The motoring public of Marion and vicinity are cordially invited to attend the
formal opening of our new Chrysler showroom and service station.

The vast flood of Chrysler popularity, in which this territory has generously
shared, has necessitated increased facilities for sales and the servicing of
Chrysler automobiles in Marion.

Here you will find a brilliant group of all new Chrysler models in snappy Sport
Roadsters, Cabriolets, Coupes, Coaches and Sedans in the Fifty, Sixty, Seventy
and Imperial Eighty Series.

Be sure to visit the formal opening and view the complete display of all new
Chrysler models. Both from the standpoint of body artistry and engineering
efficiency and with regard to the niceties of fittings and appointments it is readily
apparent that these new Chrysler models establish a fresh criterion of motor
car quality and value.

SIXTY-ONE
followed by another oath in English.
Then a hand was laid on my shoulder.
I had taken so prominent a position
at the chateau, fell upon my ear.
"My God," he exclaimed, staring at
me in amazement. "It's the mad pa-
tient from Doctor Kuntz's home!"
"En route," said the gendarme beside
him, taking his arm and leading him
away.
He went like one dazed, as I follow-
ed the Commissioner.
"Where are Mr. Claypole and the
Center?" I inquired.
"Come to the caves," said the Com-
missioner. "My men have got them.
I think. The gang were on the look-
out and fired on me before I reached
the caves."
"Did they hit anybody?"
"I don't think so," he replied.
We had by this time arrived at the
caves. They were two small openings
in the side of the ravine, some four
feet high and screened by bushes. Out-
side stood a number of persons whom
I could not distinguish in the dark-
ness. The commissioner flashed his
torch upon them.
"Who have you there, Sergeant?" he
rapped out.
A burly gendarme in plain clothes
moved up as we approached.
"Two men, Monsieur le Commis-
saire," he replied briskly. "The Jap-
anese and another, nationality at pres-
ent unknown, but he is not a Swiss."
"Is that all?"
"Oui, Monsieur le Commissaire,"
said the gendarme. "There was no one
else."
I looked quickly toward the prison-
ers and my heart sank.
In the light of the Commissioner's
torch I could see two men. One was
a little Japanese, whom I recognized
as one of the Center's innumerable
servants, the other was a short, thick-
set man whom I could not remember
to have seen.
The Center was not there.
"Is there no one else?" I said ur-
gently to the Commissioner. "Who
brought these men to the caves? Who
brought Finkelstein?"
The unknown prisoner, overhearing
my words, burst into a loud laugh.
"Disappointed, are you? Not quite
so clever as you thought," he said.
"You set a trap to catch an eagle and
you have caught a crow, in the person
of your humble servant." And drawing
himself up to his full height, he bowed
as gracefully as his handcuffed wrists
would allow.
"What can this mean?" I cried in
dismay. "Surely the Center must be
here!"
The prisoner looked me up and down.
"So," he said, "it's the mad patient.
Quite bright for a police officer. It's
unfortunate that you missed the big
game, and I suspect that M. Finkel-
stein, for whom you seem to be so
anxious, will be put to considerable in-
convenience for this night's work."
I turned to the Commissioner.
"Evidently," he replied grimly. "We
have, as the prisoner says, captured
only the smaller fry. We will make
sure of them anyway."
He blew three more blasts on his
whistle and in a few moments there
came from the underground sounds of
rattling and clanking, and then appeared
in front of us some half dozen police of-
ficers in a variety of plain clothes.
The Commissioner questioned them

Children Cry For Fletcher's CASTORIA

Why Castoria?

Years ago Castor Oil, Paregoric, Drops and Soothing Syrup were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

To avoid imitations, always look for the signature of *Dr. H. H. Fletcher*
Proven directions on each package. Physicians everywhere recommend it.

A SOCIAL LEADER IN CAPITAL

Among the recent arrivals in Washington are Mrs. Harriman Russell, New York social leader, and her children. She plans to spend the remainder of the winter in the capital with her mother, Mrs. Borden Harriman.

Being Helpful Often Way to Scare Lonesomeness

BY MRS. VIRGINIA LEE

ALMOST everyone has experienced the forlorn feeling that comes when one has moved to a strange place. The unfamiliar streets and shops, and worst of all, the strange faces. No one to greet one when you walk along the street or enter a church or theater.

This feeling is especially hard to bear when you leave your home town where you grow up, where your people are known and every one calls you by your first name. In this new experience the feeling that you have no one to "belong" to makes you lonely.

"Evidently," he replied grimly. "We have, as the prisoner says, captured only the smaller fry. We will make sure of them anyway."

He blew three more blasts on his whistle and in a few moments there came from the underground sounds of rattling and clanking, and then appeared in front of us some half dozen police officers in a variety of plain clothes.

Relieve stomach distress, pains, gas, heartburn and dyspepsia. Money returned if not satisfied. 60c at drug stores. James Capule Co., Inc., Plattsburg, N. Y.

The safe way to stop children's coughs!

Protect your children with this pure, pleasant and effective cough syrup—**Laubert's Am-o-loz**. At the first sign of a cough or cold use it. For 20 years this preparation has been used by thousands of mothers. It's a safe, effective, and pleasant cough syrup. Price 50c. Laubert & Linder Co., Chicago, Ill.

Things to Know Before Baby Comes

THE expectant mother's comfort and well being is very important. And one of the most important things for her to do is to use **Mother's Friend** to keep the skin and muscles soft and pliable. It relieves the aches and pains of pregnancy and prepares the body for the coming of the baby.

Quicksands of Love

BY ADLE GARRISON

Mary Changes Her Make up to Meet Noel Vertice

LILLIAN'S eyes were caught by a shadowy figure in the doorway, and she stepped forward. It was Noel Vertice, the man she had loved so dearly. He was looking at her with a strange expression, and she felt a sudden chill. She had changed so much since she had last seen him. Her hair was now a deep black, and her eyes were a brilliant blue. She had become a woman of the world, and she knew that Noel would never love her again.

DEAR Mrs. Lee, Another lonesome woman writes you to ask your advice. This time it's homesickness. We have moved to a new town, Mrs. Lee, and I am desperately lonely and homesick. You see I was brought up in the town from which we moved and everyone called me by my first name. Here the few people I have met naturally say "Mrs. C." I expect to make friends in time, of course, and my husband likes his new work and seems happy, but what shall I do, in the meantime, to keep happy. The afternoons are so long. My house work is done and all I can do is to read or sew and wait for the time for my husband to come home from work. We have no children.

I KNOW no surer way of making friends, Mrs. C., than by being helpful. There are many things to be done in this world that can be done only by people who have a big heart. Women who have not too many home duties, for instance.

VERY often you can find such work through your church. There are many nurseries and hospitals that need some one to sew for them, there are Red Cross activities, girls' clubs, shuttles who need a friendly visitor to read and chat with them. There are the blind and hard of hearing who need help. The work of making Braille books for the blind is most interesting and helpful. It takes time and study and you have to pass an examination before you are allowed to actually make the books. Most libraries that have some of these books find that they wear out soon as so many blind people use them.

Menu Hints

Recipes for New and Novel Dishes, Household Ideas and Suggestions

The business woman needs good food to keep her body in good condition and brain active. If she cooks her own meals—as she frequently does—she wants something that tastes good, is good, and takes little time to prepare. In the following menu she may buy sausage cake and substitute whipped cream for chocolate sauce if she prefers.

Lamb Chops
Glazed Beets
Cabbage Salad
Sponge Cake with Chocolate Sauce

TODAY'S RECIPES

To prepare the meal most efficiently, open can of beets and drain. Prepare the potatoes according to recipe and cook slowly. Slice the cabbage into salted water and place in refrigerator. Prepare lettuce and sauce ready for use in the refrigerator. Light broiler. Make chocolate sauce. Start to broil chops. Glaze beets while chops are cooking. Mix salad and place in bowl with lettuce. If coffee is served mix and start to cook a few minutes before serving meal.

Glazed Beets—One can beets, two tablespoons butter, two tablespoons sugar, salt and pepper. Place butter and sugar in a saucepan with beets. Stir over the fire until sugar is melted and beets are hot.

Cabbage Salad—One-half small cabbage, one-half cup salted water, one-half cup vinegar, one-half cup oil. Shred cabbage finely, add nuts, moisten well with mayonnaise. Serve cold on lettuce leaves.

Nature Doesn't Punish Her Any Longer

Menstruation is Nature—but men-
strual pain is NOT nature, and not
necessary. Science has conquered the
painful part. In a harmless—yes,
beautiful—little tablet called **Midol**.
Midol is a more remarkable means of
relieving such pain than even a habit-
forming drug. It acts directly on the
organs affected by menstruation, and
relief comes in five to seven minutes.

Don't have another day of forced
quiet, of pain, low spirits or even dis-
comfort! Midol is effective twelve hours
or more. Yet it does not depress the
heart, is not narcotic, and is utterly
harmless. All druggists, 50 cents, in
this aluminum box that fits the ap-
petizer.

Golden Sun COFFEE

At the call of the sunshine, the water lily climbs from its murky depths and unfolds the wondrous whiteness of its blossom.

To sun curing is attributed the delightful flavor of Golden Sun coffee as well as the aromatic, lingering fragrance. Every berry is "sun cured." Waste moisture is gradually eliminated. Only the rich, mel-
low essential oils remain.

Golden Sun coffee refreshes the body, gratifies the taste, warms the heart. It brightens thought with its welcome good cheer. "Marvelous for breakfast," they say. But at all times and in all places when really good coffee is important, there is no substitute for Golden Sun coffee.

And the price is moderate. Ask your grocer.

GET A GOLDEN SUN DIVIDEND
Save the coupons in every Golden Sun package. For fifteen Golden Sun coupons your grocer will give you one pound of Golden Sun Coffee absolutely free. That is your dividend for quantity purchase.

STARTING WASHDAY with the hardest part done...

That's just what our "Thrift-T-service" offers. This low priced service does all the washing—the hardest part of your work, and from the flat work besides. You can pack your boiler and washboard away in the attic—and when it comes to ironing you'll have only the wearing apparel to do. And the cost is hardly more than for Wet Wash service—it's only a few cents a pound.

Shrill Sopranos Cause Trouble in Broadcasting

Jesse Francis, radio engineer of Cleveland, standing between a transmitter and a power panel.

RADIO engineers at broadcasting stations are just a bit nervous when they know a singer with a shrill soprano voice is to perform before the microphone for a broadcast. They are afraid of a station's mechanical department. A high voice increasing in volume suddenly may wreck a transmitter and put a station off the air.

Kind of Protection. In radio stations the various circuits are usually protected with both fuses and circuit breakers. These guard the tubes, coils and condensers which otherwise might be burned out. Naturally when a breaker trips or a fuse blows, the station stops broadcasting and does not resume until the circuit is re-established. Sometimes, especially when a soprano is singing, the surge of current is so great that the safety devices fail to operate quickly enough and the transmitter may be off the air for some time.

To insure their being on the air at all times, some stations have two transmitters and duplicate audio panels. Thus one set can sub for the other in case of an emergency.

RAY ANTHONY UP FOR ELECTION BOARD POST

Stated To Succeed M. A. Mickley; Indorsed by County Democratic Committee

Ray Anthony, 151 Patton st., is slated for appointment as a member of the Marion County Board of Elections for the two-year term beginning May 1, it was announced today. Mr. Anthony was indorsed for the position at a recent meeting of the Marion County Democratic Executive Committee. He will succeed M. A. Mickley, 211 St. James st., who is now serving his second term and will retire as a member of the board in accordance with a custom which limits appointment to two terms.

L. D. Brady, republican, now serving on the board, has been indorsed for a second term by the Marion County Republican Committee. This appointment will also be effective for two years after May 1. Mr. Brady is now presiding officer of the board.

Both indorsements have been certified to the secretary of state and announcement of the appointments is expected from that official within the next few weeks.

Shortly after May 1, the board will meet and organize for the ensuing year. It was indicated today that Mr. Brady will be re-elected presiding officer.

ANY SKIN ERUPTION HEALED WITH SULPHUR

Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist

Any breaking out or skin irritation on face, neck or body is overcome quickly by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings relief from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store.—Adv.

Hoover to Boost Foreign Trade Over \$10,000,000,000

STIMULATION OF BUSINESS AIM OF DEPARTMENT

New Trade Posts and Domestic District Offices Are Announced

WASHINGTON, Mar. 10.—A smashing new program for the stimulation of foreign trade and the expansion of domestic business is being launched by Secretary Hoover.

9000,000,000 and imports of about \$4,400,000,000 in 1927, the commerce department today announced details of an expansion program to further stimulate both foreign and domestic business.

New foreign trade posts were announced tentatively in the following cities:

Cebu, Norway; Bern, Switzerland; Winnipeg, Canada; Caracas, Venezuela, and Wellington, N. Z.

New domestic district offices will be established in Los Angeles, Norfolk, Va., Wilmington, Del., Mobile, Ala., Jacksonville, Fla., and Kansas City, Mo.

U. S. Well-Represented

With establishment of the new posts and others in the far east, Latin America and Europe, new under consideration, the United States will have a network of foreign trade offices extending to virtually every quarter of the globe.

These "outposts of trade" are charged with keeping American manufacturers and exporters in touch with the demands of every market, thus furnishing outlets for surplus goods to form a general prosperity stabilizer.

In addition to the new posts the department plans an increase in the commercial staffs in the important offices at London, Berlin, Rome, Buenos Aires and other capitals. Where the posts are located in national capitals the appointees will rank as commercial attaches; otherwise as trade commissioners.

Hoover will select a number of commodity commissioners to operate abroad with a view to special studies of the important articles of foreign trade. The plan will apply to both the market for American articles abroad and to raw materials and commodities of foreign production essential to American industry. An additional \$100,000 was provided by congress for these investigations.

Permit General Expansion

The general appropriation for foreign and domestic commerce promotion was \$4,000,000, an increase of \$250,000 over 1926. The additional funds will permit a general expansion of operations both at home and abroad.

The enlarged plan contemplates a complete world survey of the commercial situation.

Under a new law establishing a foreign service bureau in the commerce department, the government virtually will have "trade ambassadors" with high diplomatic ranking abroad.

"The principal benefit of the new law will be found in the resultant ability to maintain a high type of official as trade representatives and to attract real business men into the service," O. P. Hopkins, assistant director, declared.

To Those Who Suffer Stomach Distress, Gas and Indigestion

Bradley's Drug Store Makes This Offer

Money Back If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used

Do you suffer from gas, indigestion, heartburn, or any of the other troubles that come from an over-acid stomach? If so, you are going to stop suffering and get relief from an over-acid stomach. Why have them at all? With this wonderful medicine you can overcome dyspepsia, or that condition of faulty digestion that keeps the stomach in constant rebellion and one bottle will prove it.

Over 6,000 bottles sold in one small New Jersey town last year—and the best druggists the country over concede that its phenomenal sales are due to the fact that most cases are promptly relieved. Ask for Dare's Mentha Pepsin, a pleasant to take, health-building stomach elixir that Bradley's Drug Store and regular pharmacists anywhere in America guarantee.—Advt.

Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrups, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this home-made syrup, easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup, or clarified honey, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the throat tickle and heals the irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and it is splendid for bronchitis, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and palatable guaiacol, which has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money refunded. The promptly refunded. The Pinex Co., Ft. Wayne, Ind.

OHIO CHAMBER SAYS STATE IS INCONSISTENT

Claims It Does Not Apply "Pay-as-You-Go" Rule in Its Operation

Although Ohio requires counties, municipalities, township and school districts to live within their means, the state does not apply this rule to itself, the public expenditures committee of the Ohio Chamber of Commerce, of which Charles E. Merkel, Marion, is a member, has found.

This statement is contained in a communication prepared by the committee of which the Marion man is a member, and which has been addressed to the Ohio General Assembly.

The address in abbreviated form contains the following pertinent paragraphs:

"You are engaged with the problem of straightening out the affairs of a party which has made a failure of financial management. That party is the state of Ohio. The problem is not new, nor of your making; it was foreseen and it comes to you from the past.

"General Assemblies have at times appropriated more money for expenses than could possibly be received by the state, departments have run up expense above the funds collected for department spending, and executive officers have not used their power to keep expenses of the departments within the money or resources available. This practice has run the state into a debt estimated at many millions of dollars.

"Now it appears that members of the general assembly are eager to set up a financial program by which the state shall be able to pay its debts and thereafter to live within its income.

"Good Beginning"

"This is a good beginning towards establishing firm control. Your move is heartily supported by the public expenditures committee of the Ohio Chamber of Commerce. We believe it will be endorsed by men and women of sound financial judgment throughout the state.

"Adequate financial control is the keynote of better financial practices. When the general assembly establishes adequate financial control of state funds, finances can be put on a sounder basis.

"The need for reducing of expenditures, wherever possible, without further curtailing public service, is recognized; but heavy general cuts without investigation are likely to result in confusion and disturbance of state government activities. A cut of this kind, if by guess work and unsentimental, may be costly and unjust.

"It is the usual practice of business to make investigation or survey before it undertakes to readjust operations and expenditures. This is the sound and conservative course and may well be followed in public business.

"The state requires the various counties, municipalities and other subdivisions to manage their finances under the restrictions of the budget law and to balance their budgets, but has not applied the rule to itself.

"Therefore, the committee favors constitutional amendment requiring a budgetary system for the state."

LOSES TO DEATH

Laid Speeds Cross Country in Hopes of Dying at Home

Davenport, Ia., Mar. 10.—Speeding across the country in the Golden State Limited with the hope that he would live long enough to die at home, John Francis Slaney, 16, Columbus, O., tonight lost his race with death and died just as the train pulled into Davenport.

Slaney accompanied by his mother, Mrs. John Slaney, and his sister, Mrs. Edward J. Walton, had spent six months in Tucson, Ariz., in an unsuccessful effort to regain his health.

Realizing that death was near his mother and sisters started for Marion, Mo., with the hope that he would see them until they reached home.

Arrangements were being made here today to continue the sad journey home.

WORK COMPLETED ON NEW TRANSATLANTIC CABLE

Work has just been completed on a new cable which will reestablish direct communication between the United States and Germany, according to word received here today by E. J. Merchant, manager of the local Western Union station.

This new high speed cable is 1,924 nautical miles in length and stretches from London to the Azores where communication is made with a similar high speed cable to New York City. The full rate, deferred half rate and work and letter services will be available, the announcement received here stated.

Indians Even Accounts With Cincy Reds; Other Training Camp Reports

St. Louis, Mo., Mar. 10.—Having won the Cincinnati exhibition series, the Indians today were making their last appearance at the Boston Sports Grounds, St. Petersburg, Fla., before leaving for Orlando, Fla., to begin their regular season.

Manager Ray Schalk of the White Sox today, it is believed, Schalk will use Bill Barrett, Mostil's roommate, in the center garden. He is a fair fielder and a harder hitter than Mostil.

SEVERAL WIRED MESSAGERS OF THE WHITE SOX TO THE CINCINNATI REDS TODAY. THE WHITE SOX, WHOSE RECORD STANDS AT 10-10, ARE TRYING TO MAKE A LAST STAND IN THE EAST. THE CINCINNATI REDS, WHOSE RECORD STANDS AT 10-10, ARE TRYING TO MAKE A LAST STAND IN THE EAST.

ST. PETERSBURG, Fla., Mar. 10.—The Yankees left here today for Orlando, Fla., to begin their regular season. The Yankees, who are 10-10, are trying to make a last stand in the East.

Pass Robles, Cal., Mar. 10.—The Pirates cancelled a scheduled game between the regulars and the youngsters to engage in a tilt with Jupiter Playboys at their camp, but today were to ignore wet grounds and play their first regular game. The Pirates have been able to squeeze in little practice in the past few days due to rain.

BRADENTON, Fla., Mar. 10.—The Phillies play their first exhibition game today against the Washington Senators. The Phillies, who are 10-10, are trying to make a last stand in the East.

Avon Park, Fla., Mar. 10.—The Cardinals today had a day of hard practice scheduled to prepare for a return game with the Boston Braves at St. Petersburg, Fla. The Cardinals, who are 10-10, are trying to make a last stand in the East.

St. Petersburg, Fla., Mar. 10.—The Indians here this afternoon. The Indians were brought here by Jack McMillen, one of the new managers, making his bow in the big leagues.

JOHNNY MOSTIL MAY RECOVER; CHANCES GOOD

Physicians Announce Danger Pneumonia Gone; Mostil Takes Nourishment

Shreveport, La., Mar. 10.—The condition of Johnny Mostil, White Sox infielder who slashed himself with a razor in a suicide attempt last Tuesday, took a decided turn for the better today.

Physicians announced that danger of pneumonia was entirely gone, and that unless gangrene poisoning set in, his chances for recovery were good.

His temperature early today was 100 and his pulse had dropped to 98. He was perfectly rational and conversed for a few minutes with Manager Ray Schalk.

Washington Senators Best Ball Club in American League, Says Lee Fohl

BY DAVIS J. WALSH

Augusta, Ga., Mar. 10.—There are two clubs that figure to make the fight in the American League this season and neither of them is the Yankees and Indians, who ran one-two in the 1926 race. This was the opinion expressed to the writer today by Lee Fohl, who saw his modicum of American League baseball as manager of the Cleveland and St. Louis ball clubs and using really get together out of touch with the major league situation until his last two years with the Boston Red Sox.

This may have been like sitting in the last row orchestra at the New York Hippodrome but, at that, the man who runs in front never sees much of the rest of the field. Mr. Fohl now is sitting in the first row balcony as manager of the Toronto champions of the International League, at present in earnest training here.

From this point of vantage, on other wise, he has seen it to call the turn on the American League race in this wise:

The Philadelphia Athletics as the best club on paper, which gets one nothing; the Washington Senators as the best club on the ball field, which usually gets one everything; the champion New York Yankees to fight it out with the Detroit Tigers for third place and the Cleveland Indians at the head of the second division.

In short, Mr. Fohl thinks the Senators will win the pennant, providing they don't up and disappoint him, ball clubs being somewhat inconsiderate about things like that.

Good Pitchers? "Their only question mark, in my mind, is the pitchers who are to help out Johnson and Coveleski," Fohl said. "That pair will win more than thirty games between them and, if they get any help from the young fellows, the club can't go wrong."

"It can do about everything that a ball club should do, drag the ball," Fohl said. "The Yankees and Indians will not be any field and run the bases, they have the punch and the speed. The only season, but it was quite a day that sort of a club can place in the early season, just about the same. And some of those young pitchers may come through. Crowder looked good late last year and Lomax, from Memphis, was the best pitcher in the minor leagues in 1926. Carroll, from Little Rock, Colman and Jones, from Chattanooga, Hulley, from Birmingham, Kelly, out on option with the same club, and Van Aden, from Bridgeport, are better than average prospects."

Next like the Senators. "The Athletics may look the part on paper but they are not the club to do the things on a ball field that the Senators can and will do. They will be lucky if they get more than seventy-five games each out of men like Cobb, Collins and

This modern age discriminates—and smokes Camels
THIS age is the hardest to satisfy—it's the most discriminating age ever known. That's why it goes to Camel for cigarette enjoyment. It takes real tobacco to satisfy modern smokers and Camels are made of the choicest tobaccos grown, marvelously blended. Smokers of today are right in demanding Camels; no better cigarettes are made, regardless of price.
To seek a real smoke is to find Camel—the choice of the modern world. Camels are a revelation of goodness, always mellow, smooth and mild. This age shows the way to smoke contentment.

SON OF COLUMBUS MAN KILLED IN AUTO CRASH

Andre Crotti in Fatal Accident Near Princeton; Investigation Is Made

Princeton, N. J., Mar. 10.—A searching probe was directed by Princeton University today into the automobile accident near here last night in which Andre Crotti, 20, a junior and son of a prominent Columbus, O., surgeon, was killed, and Danile Peterkin, Jr., of Chicago, painfully injured.

The accident occurred on the road between Rocky Hill and Kingston, about five miles northeast of here, as the students were returning to the university grounds. It is believed that the car struck a stone, lurched sideways and plunged into a ditch. In driving back onto the road, it is believed, Crotti, who was driving, overturned the car on the high crown of the road, which is generally regarded as a dangerous thoroughfare, being narrow, winding and unlighted.

Other Princeton undergraduates in a passing automobile found Crotti pinned under the overturned car, the steering wheel pressing against his neck. Peterkin was lying in the car in a dazed condition and unable to talk.

Crotti was extricated from beneath the car by the rescuers, who took him and Peterkin to a hospital. Crotti, however, was dead upon arrival. Peterkin was taken to the college infirmary, where the authorities said that he was painfully, though not seriously injured. Crotti had conferred with the college rules necessitating parental permission for the driving of the car. His father is Dr. Andre John Crotti, of 1502 E. Broad-st, Columbus.

Mary Hay, Back from Europe with Divorce, Talks About Dance

New York, Mar. 10.—Mary Hay, musical comedy actress, returning from Paris where she recently won a divorce from Richard Barthelmess, motion picture actor, today asserted that the "Black Bottom" is all the rage in Europe.

"You are a princess if you do it for them," she said.

Mrs. Hay said her divorce from her actor husband was an entirely friendly affair, but that their work was so different that matrimony was impossible.

JUST GETTING OVER WEAKNESS CAUSED BY FLU

This Woman, Like Thousands of Others, Had Severe Backaches and Nervous Attacks; Thanks Tepee Herb Tonic for Restoring Her Health

It is well known by people who have had the flu that this trouble breaks down the system and often it is many months, sometimes years before a person so afflicted regains robust health.

An example of what Tepee Herb Tonic will do in such cases is well defined by Mrs. Joy Clark, 1536 E. 66th St., Cleveland, Ohio. She says:

"A few months ago I had the flu and it left me in a week, run down state of health from which I didn't seem to be able to recover. My whole system was full of poison. Finally my liver got out of order and my kidneys went on a strike. I had a pain in the small of my back. My nerves were all unstrung and I would jump and tremble at the least sudden noise. I couldn't sleep well and felt tired even though I had not done any work. I was just 'all in'."

"I am now on my second bottle and feel better than at any time since I had the flu. My backache is gone. My bowels are regular and I have a good appetite. I am not nervous like I was. I am gaining strength every day for which I give full credit to Redwood's Tepee Herb Tonic."

Tepee Herb Tonic is sold and recommended by Bradley's, Henney & Cooper's, Wm. M. Stump, Bartlett's, Lower's Pharmacy and all drug stores; Richmond, H. D. Kyle, and by well stocked drug stores everywhere.—Adv.

SEEK BODY IN RUINS

Man Confesses, Dispatches Say, He Slew Wife, Then Burned House

Bardonia, Ky., Mar. 10.—A squad of men under Deputy Sheriff R. W. Hayland today was digging into the one-year-old ruins of the former home of Lang Hogan, 40, now here, in the hope of finding his wife's body.

Hogan, who is being held in Charleston, Mo., on a liquor charge, has confessed to dispatches that he killed his wife and buried her in the cellar, then burned the house, according to reports received by Hayland from Charleston authorities.

Hogan and his wife disappeared, the deputy said today, immediately following the fire which destroyed their home.

HOLD FUNERAL SERVICES FOR HAROLD LEROY LONG

Funeral services for Harold Leroy Long, 19-month-old son of Mr. and Mrs. Frank Long, who died Tuesday night at his home, 728 E. Farmington, will be held there at 2 o'clock this afternoon in charge of Rev. Irvin Knapp, pastor of Greenwood Evangelical Church. Burial was in Marion Cemetery.

Increase Your Weight 5 Pounds in 30 Days Or Money Back

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that make flesh, create appetite, build up the power to resist disease and put good solid flesh on skinny men and women.

But it's repulsive in taste and smell and nearly every stomach rebels against it.

So now men and women who keep up with the times are taking Moteg's Cod Liver Oil Compound Tablets—rich in fresh producing, health building strength creating vitamins and as easy to take as candy.

Try them for 30 days if you want to fill out those scrawny hollows in chest, cheeks and neck and gain strength and vigor. And hear this in mind if they don't help you in that time Bradley Drug Co., Henney & Cooper or any druggist anywhere will return your money. But demand Moteg's 60 tablets, 60 cents.—Adv.

J. Randolph
Harrell—
Ph. G., Ph. C.

A Virginian by birth. Graduate of two leading colleges. Instructor of Chemistry and known as an authority on physiological chemistry.

Some of the results obtained from the Harrell Combined Treatment have been almost beyond belief—and have astonished even Prof. Harrell himself.

From an invalid chair to the dance floor within a comparatively FEW HOURS—that is the history of A. S. H.—a structural steel worker. He says:

"Dear Prof. Harrell:—

"I have been subject to rheumatism at intervals since childhood. It would be so bad—usually in my legs and shoulders—that I would be unable to get out of bed for two weeks at a time.

"The pain would be intense and the joints would be swollen.

"About a month ago one of my spells came on again. But I used your treatment and was up in a very little while with no pain left at all. Went to a dance that night. You have the world beat for rheumatism."

While Prof. Harrell would not feel justified in promising such rapid results to everyone in America who has rheumatism (!) yet the case cited above is indicative of the powers of his combined treatment.

Prof. Harrell says:

"Several years ago I turned my attention to the serious study of Rheumatism—and its kindred diseases of Sciatica, Lumbago, Neuritis Gout, and Neuralgia.

I am convinced that Rheumatism can be quickly remedied and relieved and that there is no good reason for people dragging through life never free from rheumatic pains.

My studies finally led me to the firm conclusion that Rheumatism is ALWAYS caused by poor extrusion. That is, the organs of the body that SHOULD throw off the waste matter from the system were not working right. This causes the secretions and dead matter (sometimes called poisons) to start backing up and forming deposits, THEN you

will probably contract Rheumatism, Lumbago, Sciatica, Neuritis, Gout, Neuralgia of the joints or muscles—and you will have pain and suffering.

So to successfully TREAT Rheumatism it is not only necessary that the kidneys, stomach and bowels be put into proper condition—it is also necessary to eliminate the waste matter that has already collected.

I incorporate in my treatment a remedy which I import from Switzerland. It is the ONLY REMEDY THAT I HAVE EVER FOUND THAT ACTUALLY REMOVES THESE POISONS FROM THE BLOOD.

I found it entirely impossible to combine the medicines I wished to use, so my treatment comes to you in two distinct forms, and it is the COMBINATION of the two that works such quick and lasting relief.

I am so sure that this Combined Treat will bring you relief that I am willing to send it to you ENTIRELY FREE so you may test it out and tell your neighbors what it has done for you.

Those of you who have never been able to find relief—either temporary or reasonably permanent—be SURE to try the HARRELL COMBINED TREATMENT. The old stubborn cases are the very one that I am most anxious to relieve.

Of course if you are just contracting Rheumatism (or its kindred diseases) then you MUST get busy AT ONCE and send for this treatment, so as to RID yourself of your trouble before it becomes FIXED in your system.

I do not use sodium salicylate, quinine, aspirin or wintergreen. Neither do I have much faith in preparations to be rubbed on such as liniments, balsams, etc. Any relief from external applications must be VERY temporary. So I do not recommend them except in an occasional minor trouble such as sore muscles or sprains.

Virginia Chemist Offers New Hope to sufferers from RHEUMATISM

Also NEURITIS, SCIATICA, LUMBAGO, GOUT and NEURALGIA

"I find that only a few hours use of this Combination Treatment will chase away the pains of Rheumatism like the sun dries up the dew"—J. RANDOLPH HARRELL, Ph. G.—Ph. C.

And now I want to get my treatment into the hands of all those who suffer from Rheumatism, Gout, Sciatica, Neuritis or Neuralgia. So I have decided to send out 50,000 of these wonderful Combination Treatments entirely and absolutely

FREE

Just send your name and address, using the coupon if you wish, and I will send you a package of my treatment with all charges paid. You will have nothing to pay on it now or ever.

I am making it just as easy as possible for you to receive one of my COMBINED TREATMENTS.

All you need do is to write your name and address and send them to me. Use the coupon or a sheet of paper or even a post card.

But do not put off sending for the treatment. Even if you are feeling fairly well right now—remember that Rheumatism unless properly treated, has a habit of "coming back." So be ready for it next time and have one of my test treatments on hand. I do not expect this 50,000 lot of treatments to last long.

So write TODAY—RIGHT NOW. You will surely be interested in this remarkable treatment. In both its form and its results.

If you have been a sufferer from Rheumatism for some weeks or months or years, you will be amazed at the speed with which the Harrell Combined Treatment works.

Within just a few hours you will begin to notice the improvement and you will find yourself free from pain and feeling fit and fine again.

Of course some very old and very stubborn cases do not yield quite so quickly—and occasionally I find a case that seems hopeless. But the great majority of cases will yield readily to my combined treatment, without delay or further trouble.

That is one of the remarkable points about the Harrell Treatment—the speed and certainty with which it works.

I hope you will feel every confidence in this treatment—there is no reason for you to be skeptical when I offer to send you a test treatment FREE!—and I hope you will understand that I believe this to be by far THE BEST and SUREST general treatment for Rheumatic Disease ever before worked out. I have spent years perfecting this treatment and I do not believe its equal can be found anywhere.

When you use the HARRELL Treatment, you are using the very LATEST and BEST and you are entitled to expect BEST RESULTS in the SHORTEST POSSIBLE TIME.

The treatment is SO easy to take. It is even pleasant. Some treatments that I have examined may bring relief from pain for a short while, but they are harmful to the stomach and really leave the patient in a worse condition than before.

The HARRELL Treatment contains nothing harmful—no narcotics or temporary "pain killer." It is intended to eradicate the Rheumatic Conditions from your system and to afford a reasonably PERMANENT relief.

The treatment I will send you will be different in appearance as well as in the combination of drugs from any that you have ever seen or known before. Write for it today SURELY.
